

VECSYS

SYSTEM PACK

Dedicated Biochemistry Reagents
for Vector Instruments

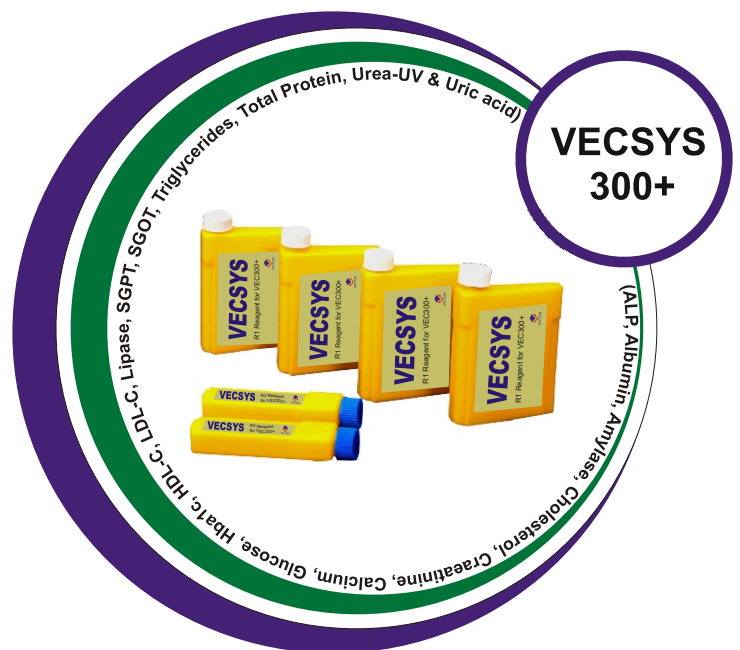

SYSTEM PACKS FOR VEC200+& VEC150+

- Economical and affordable system packs, common for VEC200+ and VEC150+
- Dead volume provided according to instrument's minimum aspiration requirement

SYSTEM PACKS FOR VEC300+

- Pack size according to the 300 throughput analyzer of Vector Biotek
- Dead volume provided according to instrument's minimum aspiration requirement

FEATURES :

- Time tested and excellent, on board stability
- Liquid stable biochemistry reagents
- Complete range of routine and specialized parameters
- Superior quality at economical price
- QC controlled reagents for each lot
- Robust distribution network to cater PAN India

Customer Support : 1800-270-1027
